

Firesure Duo - Groove Flowmeter

LPCB & FM APPROVALS FOR SPRINKLER FIRE PUMP TESTING

Single combined l/min and USGPM tube.

- Suitable for LPC and FM installations.
- Stable easy to read flow indication.

Isolation valves at inlet & outlet to indicator.

- Provides a permanent, safe and secure installation.
- Allows isolation from main pipe eliminating shocks at pump start up.
- Air is automatically vented when valves are opened.

Horizontal, inclined & vertical grooved connection.

- Flexibility in design & site positioning.
- Compact and simple installation.
